Itinerary

Day 1

We will pick up participants at their centrally located hotel between 5:00 and 5:30 AM to start the tour. First, we will visit the beautiful Llanganuco Lagoon, passing through the Huascarán Park control and then the second lagoon, Orconcocha. After a brief stop, we will head to Cebollapampa, the starting point of the hike to Laguna 69. The hike to Laguna 69 takes approximately 3 hours. This lagoon is located at the foot of the majestic Chacraraju Mountain (6,112 m.a.s.l.). Once we arrive, we will enjoy an hour admiring the impressive turquoise waters of the lagoon. We will then descend along the same route for approximately 2 hours to Cebollapampa, where our transport will be waiting to take us back to Huaraz. During this day, you will have the opportunity to interact with some local residents and, if you wish, leave clothes, food, school supplies, or medicines as support for the local community.
